Volume 1	Volume 1 contains the report of the Boundary Commission for England on the fifth periodical review of representation in the House of Commons.
Volume 2	Volume 2 contains the Appendixes to the report which, inter alia, include the composition of the recommended constituencies.
Volume 3	Volume 3 contains maps illustrating the existing and recommended constituencies for the London Boroughs (and the City of London) and the Metropolitan Counties.
Volume 4	**This volume contains maps illustrating the existing and recommended constituencies for the Non-Metropolitan Counties and the Unitary Authorities.** **The first map for each review area shows the existing constituencies and how they relate to the new wards recommended by the Boundary Committee for England (formerly known as the Local Government Commission for England) on which the Commission have based their recommendations. Each map of the existing constituencies is accompanied by a list of the new wards and the 2000 electorate of each ward. Those new wards which are divided between existing constituencies are shown in bold italics. In some instances, a new ward may be divided between three constituencies.** **The second map for each review area shows the constituencies recommended by the Commission. Again, each map is accompanied by a list of the new wards and the 2000 electorate of each ward.**
