## Initial proposals summary

### Who we are and what we do

The Boundary Commission for England is an independent and impartial non-departmental public body which is responsible for reviewing Parliamentary constituency boundaries in England.

### The 2018 Review

We have the task of periodically reviewing the boundaries of all the Parliamentary constituencies in England. We are currently conducting a review on the basis of rules set by Parliament in 2011. The rules tell us that we must make recommendations for new Parliamentary constituency boundaries in September 2018. They also result in a significant reduction in the number of constituencies in England (from 533 to 501), and require that every constituency – apart from two specified exceptions – must have an electorate that is no smaller than 71,031 and no larger than 78,507.

### Initial proposals

We published our initial proposals for the new Parliamentary constituency boundaries in England on 13 September 2016. Information about the proposed constituencies is now available on our website.

### What is changing in the North West?

The North West has been allocated 68 constituencies – a reduction of seven from the current number.

Due to the significant change required throughout the region, our proposals leave 14 of the 75 existing constituencies unchanged.

As it has not always been possible to allocate whole numbers of constituencies to individual counties, we have grouped some county and local authority areas into sub-regions. The number of constituencies allocated to each sub-region is determined by the electorate of the combined local authorities.

Consequently, it has been necessary to propose some constituencies that cross county or unitary authority boundaries.

We have proposed that the metropolitan boroughs of Greater Manchester be combined in a sub-region, with the Metropolitan Borough of Wirral, the unitary authorities of Cheshire East, and Chester West and Chester, and the boroughs of Halton and Warrington.

Sub-region	Existing allocation	Proposed allocation
Cumbria	6	5
Lancashire	16	14
Merseyside (less the Wirral)	11	10
Greater Manchester, the Wirral and Cheshire	42	39

We propose two constituencies that contain electors from both Cheshire and Greater Manchester, which combine Altrincham and Knutsford in a constituency and the towns of Bramhall and Poynton in a constituency.

Although we have treated Lancashire and Merseyside as separate sub-regions, we have proposed one constituency that crosses the county boundary, which combines three wards of the Borough of West Lancashire with the town of Southport.

We propose five constituencies entirely contained in the county of Cumbria.

## How to have your say

We are consulting on our initial proposals for a 12-week period, from 13 September 2016 to 5 December 2016. We encourage everyone to use this opportunity to help us shape the new constituencies – the more views we hear, the more informed our decisions will be when considering whether to revise our proposals.

Our website, at [www.bce2018.org.uk](http://www.bce2018.org.uk) has more information about how to respond as well as details of where and when we will be holding public hearings in your area. You can also follow us on Twitter @BCE2018 or using #2018boundaryreview.
