

NORTH WEST

1. The Conservative Party supports the use of the Sainte-Laguë method to allocate seats to the English regions. We therefore support the allocation of 68 seats to the North West region, and the decision not to cross the regional boundary at any point.
2. The Conservative Party supports the Commission's decision to group various local authority areas into sub-regions. We support each of the Commission's groupings, and the proposed allocations to those sub-regions, as follows:

Sub-region	Proposed allocation
Cheshire, Greater Manchester, Lancashire, and Wirral	53
Cumbria	5
Merseyside (less Wirral)	10

Cheshire, Greater Manchester, Lancashire, and Wirral

1. In the sub-region of Cheshire, Greater Manchester, Lancashire, and Wirral, the Conservative Party supports the Commission's proposals, in their entirety, for the following seats:
 - a. Blackburn BC (76,468 electors)
 - b. Blackpool North and Fleetwood BC (80,400 electors)
 - c. Blackpool South BC (80,402 electors)
 - d. Bury North BC (76,764 electors)
 - e. Bury South BC (75,140 electors)
 - f. Cheadle BC (72,826 electors)
 - g. Chester CC (80,313 electors)
 - h. Chorley CC (79,612 electors)
 - i. Congleton CC (73,820 electors)
 - j. Crewe and Nantwich CC (78,845 electors)
 - k. Fylde CC (78,304 electors)
 - l. Hazel Grove and Poynton CC (73,091 electors)

 - q. Stalybridge and Hyde CC (80,177 electors)
 - r. West Lancashire CC (73,028 electors)
 - s. Wigan CC (76,779 electors)
2. In this sub-region, the Conservative Party supports the Commission's compositions of the following seats, but disagrees with the names of the seats:
 - a. Hoylake and Neston BC (77,236 electors)
 - b. Rochdale North and Rawtenstall CC (80,435 electors); and
 - c. Winsford CC (74,064 electors).The Party instead proposes that these seats be named:
 - a. Wirral Deeside BC
 - b. Rochdale North and Bacup CC; and
 - c. Eddisbury CC, respectively.

3. In this sub-region, the Conservative Party does not support the Commission's proposals for the following seats:
- a. Altrincham and Sale BC (80,385 electors)
 - b. Ashton under Lyne BC (72,954 electors)
 - c. Birkenhead BC (76,650 electors)
 - d. Blackley and Broughton BC (80,297 electors)
 - e. Bolton North BC (78,643 electors)
 - f. Bolton South BC (78,550 electors)
 - g. Burnley North and Nelson BC (74,989 electors)
 - h. Burnley South and Accrington BC (78,881 electors)

 - u. Ribble Valley CC (73,653 electors)
 - v. Rochdale South BC (78,347 electors)
 - w. Stockport BC (72,917 electors)
 - x. Stretford and Urmston BC (77,813 electors)
 - y. Swinton BC (75,922 electors)
 - z. Wallasey BC (75,519 electors)
 - aa. Warrington North BC (79,689 electors)
 - bb. Warrington South BC (79,363 electors)
 - cc. Westhoughton CC (79,080 electors)
 - dd. Widnes and Runcorn BC (79,581 electors); and
 - ee. Wythenshawe BC (80,310 electors).

4. In their place, the Conservative Party proposes the following seats:
 - a. Altrincham and Sale BC (79,916 electors)
 - b. Ashton-under-Lyne and Denton BC (79,081 electors)
 - c. Birkenhead BC (74,264 electors)
 - d. Blackley and Middleton BC (80,012 electors)
 - e. Bolton North BC (79,372 electors)
 - f. Bolton South BC (77,651 electors)
 - g. Burnley and Accrington BC (78,838 electors)
 - h. Darwen and Haslingden CC (79,571 electors)
 - i. Lancaster and Wyre CC (75,970 electors)
 - j. Leigh CC (77,001 electors)
 - k. Makerfield CC (74,856 electors)
 - l. Manchester Central BC (79,087 electors)
 - m. Manchester Gorton BC (75,021 electors)
 - n. Manchester Wythenshawe BC (72,822 electors)
 - o. Mersey Banks CC (78,071 electors)
 - p. Oldham East and Saddleworth CC (73,221 electors)
 - q. Oldham West BC (80,003 electors)
 - r. Pendle and Burnley Rural CC (75,713 electors)
 - s. Preston BC (77,987 electors)
 - t. Ribble Valley CC (78,307 electors)
 - u. Rochdale South BC (78,861 electors)
 - v. Salford BC (78,045 electors)
 - w. Stockport BC (73,205 electors)

 - cc. Warrington North BC (79,915 electors)
 - dd. Warrington South BC (78,317 electors); and
 - ee. Widnes and Runcorn BC (79,333 electors).

Cumbria

1. In the sub-region of Cumbria, the Conservative Party supports the Commission's proposals, in their entirety, for the following seat:
 - a. Carlisle CC (79,030 electors).
2. In this sub-region, the Conservative Party does not support the Commission's proposals for the following seats:
 - a. Barrow-in-Furness CC (73,677 electors)
 - b. Copeland and Windermere CC (77,712 electors)
 - c. Kendal and Penrith CC (79,685 electors); and
 - d. Workington and Keswick CC (80,266 electors).
3. In their place, the Conservative Party proposes the following seats:
 - a. Barrow and Furness CC (80,457 electors)
 - b. Penrith and Solway CC (76,325 electors)
 - c. Westmorland and Lonsdale CC (76,274 electors); and
 - d. Workington and Whitehaven CC (78,284 electors).

Merseyside (less Wirral)

1. In the sub-region of Merseyside (less Wirral), the Conservative Party supports the Commission's proposals, in their entirety, for the following seats:
 - a. Huyton and Halewood BC (77,277 electors)
 - b. Liverpool Wavertree BC (74,983 electors)
 - c. Southport BC (77,555 electors)
 - d. St Helens North BC (75,688 electors); and
 - e. St Helens South and Whiston BC (78,612 electors).

2. In this sub-region, the Conservative Party does not support the Commission's proposals for the following seats:
 - a. Bootle BC (73,546 electors); and
 - b. Liverpool North BC (76,960 electors)
 - c. Liverpool Riverside BC (80,030 electors)
 - d. Liverpool West Derby BC (78,469 electors); and
 - e. Maghull BC (78,223 electors).

3. In their place, the Conservative Party proposes the following seats:
 - a. Bootle BC (80,322 electors)
 - b. Liverpool North BC (79,128 electors)
 - c. Liverpool Riverside BC (73,105 electors)
 - d. Liverpool West Derby BC (76,094 electors); and

Great Sankey North	Warrington North	Warrington South	5,072
Great Sankey South	Warrington North	Warrington South	8,246
Whittle Hall	Warrington North	Warrington South	8,708

Justification

We disagree with the principle of crossing the Mersey at a point with no transport links. The proposed Mersey Banks seat appears to be in conflict with the Commission's own guidance, contained in the *Guide to the 2013 Review*, on detached parts. Our plan enables the Mersey Banks seat to extend eastwards towards Runcorn rather than crossing the Mersey at a point with no links.

Our plans place the borough of Warrington in two seats, with minimal change to the existing Warrington North and South seats, whereas the Commission's plans involve major disruption and three seats in the borough of Warrington.

Our plans involve a core Halton seat entirely within the borough, whereas the Commission's Widnes and Runcorn crosses into Warrington and there is no seat exclusively within the borough of Halton.

Number of electors retained in their existing constituencies

	Commission's plan	Counter-proposal
Mersey Banks	30,678	30,678
Northwich	44,777	44,777
Warrington North	57,663	71,836
Warrington South	52,294	73,133

Total electorate in the affected seats	393,007	393,007
Percentage of electors unmoved	63.3%	72.8%

* All remaining wards in the Commission's Northwich are retained in our Tatton.

Therefore 37,312 fewer electors move under our counter-proposal.

Counter-proposal

Ward	Boundary Commission's seat	Counter-proposal	Electorate
Bidston and St James	Wallasey	Birkenhead	9,787
Upton	Birkenhead	Wallasey	12,173

Justification

The Commission's proposals place Bidston and St James into Wallasey. This ward is clearly part of Birkenhead, containing Birkenhead Park and Birkenhead North railway stations, and is separated from Wallasey by Bidston Moss and by the Birkenhead Docks. Our plans reverse this and place Bidston and St James back into Birkenhead, thus re-uniting the whole of the current Birkenhead seat in the new Birkenhead seat.

The Commission's proposals place Upton into Birkenhead. There are no road links between this ward and the rest of the seat that are entirely contained within the new seat. Upton is essentially separated from Birkenhead by the M53. Our plans instead place Upton into the Wallasey seat, with which it has better links, particularly with the town of Moreton.

Counter-proposal

Comprehensive within the Greater Manchester metropolitan county.

Justification

The Commission's plans split the town of Horwich between the Bolton North and Westhoughton seats. Our plans preserve the town in the Bolton North seat and avoid this split. Horwich enjoys good links to Bolton along the A673, a much greater link than it has with Westhoughton, and both towns are linked (at Blackrod and Horwich Parkway stations) to Lostock and then to Bolton, along the Manchester-Preston railway line.

The Commission's plans split the town of Leigh between the Leigh and Westhoughton seats. In the case of the part of Leigh contained in the Leigh seat, it is united in the north with Walkden, where there is only one road entirely within the seat connecting the two towns, and in the south with Irlam, from which it is divided by Chat Moss, and again there is only one (single-track) road entirely within the seat connecting the two towns.

Our plans avoid this entirely, leaving the existing Leigh and Makerfield seats unchanged, placing Walkden in a seat with Westhoughton and Atherton, noting that all three towns are well connected by the Manchester-Southport Line between Daisy Hill and Walkden stations, and by the A6.

Our plans then place the town of Irlam in the Swinton and Eccles seat, which is largely a re-creation of the Eccles seat that existed from 1997 to 2010.

Our plans avoid splitting the town of Sale into three seats, as the Commission propose, and instead divide it between two seats. This also means that the Wythenshawe seat becomes entirely contained within the city of Manchester.

Our plans place Reddish North ward of Stockport in the Manchester Gorton seat. We feel that this is justified as Reddish has strong links with Gorton, including the Hope Valley railway line between Belle Vue and Reddish North stations.

Our plans restore a core Salford seat, as opposed to the Commission's plans in which the centres of Salford and Manchester are united in the Manchester Central seat. Salford is distinct from Manchester and has enjoyed separate Parliamentary representation since 1832 and city status since 1926. We feel that it should be retained as a seat separate from central Manchester.

The Commission's plans divide the town of Heywood between the Rochdale South and Middleton seats. Our plans would re-unite the town in the Rochdale South seat.

Our plans unite the whole of Ashton town centre in one seat, by including the St Peter's ward of Tameside in the Ashton-under-Lyne seat, with the other Ashton wards, thus the whole of the Ashton seat is within the borough of Tameside.

Our plans reduce the number of seats which cross more than one metropolitan borough from nine to six, while increasing the number wholly contained within one metropolitan borough from nine to twelve.

* All remaining wards in the Commission's Burnley South and Accrington are retained in our Burnley and Accrington.

* All remaining wards in the Commission's Burnley North and Nelson are retained in our Pendle and Burnley Rural.

* All remaining wards in the Commission's Lancaster are retained in our Lancaster and Wyre.

Justification

The Commission's plans unnecessarily split the borough of Pendle between two seats, our plans re-unite the borough in one seat. The plan therefore also retains the whole of the current Pendle seat, which is coterminous with the borough, in the new Pendle and Burnley Rural seat.

The Commission's plans divide the town of Burnley. Our plans largely put the town and borough of Burnley into a single seat, except for the Briercliffe and Cliviger with Worsthorne wards which are predominantly villages outside the town itself.

The Commission's plans unnecessarily split the borough of Ribble Valley between two seats, our plans re-unite the borough in one seat.

The Commission's plans place the single ward of Fishwick in Ribble Valley with which it has no transport links which are entirely within the proposed seat. Our plans reverse this, place the ward back in the Preston seat where it abuts the town centre, and in doing so reduces the number of seats within the Preston borough from four to three.

Our plans reduce the number of local authorities covered by the Commission's proposed Lancaster and Ribble Valley seats from four to three.

Number of electors retained in their existing constituencies

	Commission's plan	Counter-proposal
Burnley North and Nelson/Pendle and Burnley Rural	53,511	66,735
Burnley South and Accrington/Burnley and Accrington	45,525	58,025
Darwen and Haslingden	43,175	43,175
Lancaster/Lancaster and Wyre	44,289	44,289
Preston	57,293	60,823
Ribble Valley	56,899	65,899
Total electors unmoved	300,692	338,946
Total electorate in the affected seats	466,386	466,386
Percentage of electors unmoved	64.5%	72.7%

Therefore **38,254** fewer electors move under our counter-proposal.

Local authority links

Preston:	4 (1)	3 (1)
Ribble Valley:	2 (0)	1 (0)
South Ribble:	2 (0)	2 (0)
Wyre:	3 (0)	3 (0)

Therefore under our counter-proposal, Pendle, Preston, and Ribble Valley all consequently have one fewer seat within the local authority than the Commission's proposal.

Proposed constituencies affected (BCE's proposed seats)

Barrow-in-Furness

Counter-proposal

Comprehensive. A change of thirty-nine wards compared with the Commission's proposals.

Justification

Our proposals unite the whole of the current Barrow and Furness seat (apart from a small part of the currently split Coniston and Crake Valley ward) in the Barrow seat.

Our proposals unite the whole of the current Westmorland and Lonsdale seat in the Westmorland and Lonsdale seat.

Our proposals unite the homogeneous communities of Workington, Whitehaven, Egremont and Maryport in a single seat. They are all linked by the Cumbrian Coast railway line.

Our proposals avoid the Commission's linking of Copeland, with its centre of population at Whitehaven in the north-west of the seat, along with part of Workington (Harrington), with the Windermere area to the south-east, across two sets of mountains and fells, to the edge of Kendal.

Our plan places South Lakeland in two different seats. The Commission's plans divide it between three seats.

Local authority links

First figure is "Number of seats within the local authority"

Second figure (in brackets) is "Number of seats entirely within the local authority"

	Commission's plan	Counter-proposal
Allerdale	2 (0)	2 (0)
Barrow-in-Furness	1 (0)	1 (0)
Carlisle	2 (1)	2 (1)
Copeland	1 (0)	2 (0)
Eden	2 (0)	2 (0)
South Lakeland	3 (0)	2 (0)

Therefore under our counter-proposal, South Lakeland has one fewer seat within the local authority than the Commission's proposal.

Merseyside – counter-proposal

Local authorities affected

Knowsley
Liverpool
Sefton

Proposed constituencies affected (BCE's proposed seats)

Bootle
Liverpool North
Liverpool Riverside
Liverpool West Derby
Maghull

Counter-proposal

Ward	Boundary Commission's seat	Counter-proposal	Electorate
Blundellsands	Bootle	Maghull	8,910
St Oswald	Maghull	Bootle	8,554
Netherton and Orrell	Liverpool North	Bootle	8,807
County	Liverpool North	Bootle	9,498
Kirkdale	Bootle	Liverpool Riverside	11,173
Anfield	Liverpool West Derby	Liverpool North	9,381
Clubmoor	Liverpool West Derby	Liverpool North	11,092
Everton	Liverpool Riverside	Liverpool West Derby	9,644
Kensington and Fairfield	Liverpool Riverside	Liverpool West Derby	8,454

Justification

The boundary between the Sefton Central and Bootle seats was set at the last review as that between the Blundellsands, Manor and Park wards and the Church, St Oswald and Victoria wards. We feel that this is appropriate as Blundellsands forms the town of Crosby, while St Oswald is a part of Litherland and the wider town of Bootle.

Our proposals bring the Netherton and Orrell ward of Sefton back into the Bootle seat, therefore avoiding the Commission's proposed Liverpool North seat having to cover parts of three local authorities.

Our proposals show greater respect to the existing constituencies than the Commission's plans.

Number of electors retained in their existing constituencies

	Commission's plan	Counter-proposal
Bootle	53,463	70,824
Liverpool North	31,857	42,832
Liverpool Riverside	51,743	62,916
Liverpool West Derby	42,282	42,282
Maghull	49,034	57,944
Total electors unmoved	228,379	276,798
Total electorate in the affected seats	387,228	387,228
Percentage of electors unmoved	59.0%	71.5%

Therefore **48,419** fewer electors move under our counter-proposal.

Local authority links

	Commission's plan	Counter-proposal
Knowsley	5 (0)	5 (0)
Liverpool	6 (2)	6 (2)
Sefton	4 (1)	3 (1)

Therefore under our counter-proposal, Sefton has one fewer seat within the local authority than the Commission's proposal.

	Commission's plan	Counter-proposal
Number of seats containing part of one local authority	1	1
Number of seats containing part of two local authorities	3	4
Number of seats containing part of three local authorities	1	0

Conclusion

Our proposals for the North West mean that 171,040 fewer electors are moved from their existing constituencies than the Commission's plan.

We increase from seven to nine the number of unchanged constituencies in the region.

Our links with local authorities are much better, and no constituency contains more than three local authorities.

We restore a number of community links and therefore break far fewer local ties than the Commission.
