<b>5. Final proposals recommendations p7</b>	<b>Appendix A</b>

### Initial/revised proposals overview

1. The Eastern region was allocated 57 constituencies under the initial and revised proposals, a reduction of one from the existing allocation. In formulating the initial and revised proposals the Commission decided to construct constituencies using the following sub-regions:

**Table 1A - Constituency allocation**

Sub-region	Existing allocation	Allocation under initial proposals	Allocation under revised proposals
Bedfordshire	6	6	6
Cambridgeshire, Hertfordshire and Norfolk	27	27	27
Essex	18	17	17
Suffolk	7	7	7

2. Under the initial proposals six of the existing 58 constituencies were completely unchanged. The revised proposals continued to retain six of the existing constituencies unchanged. Under both sets of proposals it was proposed to have two constituencies that crossed county boundaries - one between Cambridgeshire and Norfolk, and one between Cambridgeshire and Hertfordshire. In Suffolk, Bedfordshire and Essex it was possible to allocate a whole number of constituencies to each county.

3. In response to the consultation on the initial proposals and secondary consultation the Commission received over 2,000 representations regarding the Eastern region. These representations commented on most parts of the region, with the main issues being:
  - The proposed constituency of North East Hertfordshire. Respondents objected to this cross-county boundary constituency and in particular, the inclusion of The Mordens, Bassingbourn and Melbourn wards from the existing South Cambridgeshire constituency
  - The proposed Brentwood and Ongar constituency. Respondents objected to the 'loss' of the Herongate, Ingrave and West Horndon, and Warley wards to the proposed South Basildon and East Thurrock constituency.
  - The proposed Castle Point constituency. Respondents objected to the exclusion of the Hadleigh area which they argued is an integral part of Castle Point
  - The proposed Hertsmere constituency. Respondents objected to the inclusion of the Carpenders Park ward which is currently in the Watford constituency
4. In considering the evidence received, the Commission altered 44% of constituencies in the Eastern region: four of these constituencies were only subject to a change of name.

Number of representations received

5. In the Eastern region, the Commission received a total of 777 representations during consultation on the revised proposals, bringing the total number of representations for this region to 2,806. This number included all those who gave evidence at the public hearings. There were also a number of duplicate representations within this total, as well as representations that made general comments that did not have any bearing on the substance of the initial proposals.

**Table 1B - Representations received**

Type of respondents	Consultation on revised proposals	Total number of representations
Member of Parliament	6	31
Official political party response	5	16
Peer from House of Lords	0	0
Local councillor	36	160
Local authority	9	23
Parish or town council	17	42
Other organisation	5	43

Member of the public	699	2,491
Total	777	2,806

6. While many of the representations can be categorised as opposing the Commission's revised proposals, there has been a degree of support for certain constituencies across the whole region. These include, but are not limited to Bedford, Cambridge, Watford, Brentwood and Ongar, and Ipswich.

#### Campaigns

7. As expected, throughout the region, representations from a number of organised campaigns were received. In the Eastern region, these were as follows:-

**Table 1C - Campaigns**

<b>Campaign</b>	<b>ID Number</b>	<b>Support/ oppose initial proposals</b>	<b>Strength (no. of signatories)</b>
Support for Heidi Allen MP campaign for South Cambridgeshire Villages	BCE-46922	Oppose	35
Proposed changes to the South	BCE-46523	Oppose	5

Cambridgeshire parliamentary constituency			
Help keep Leavesden in Watford	BCE-47924	Oppose	28
Help keep Woodside ward in Watford	BCE-51952	Oppose	97 (403 total which includes 306 without full details)
I do not agree with the inclusion of the Kempston Rural ward in the Bedford constituency	BCE-49291	Oppose	9

8. During the previous consultations the Commission received six campaigns in relation to the Eastern region. Of these, the campaign titled 'Support for Heidi Allen MP' was similar to other campaigns received during earlier consultations.

#### Major issues

9. Major issues that drew objection were as follows:-

#### **Bedfordshire**

- The inclusion of the town of Houghton Regis in the Luton North and Houghton Regis constituency
- The inclusion of the Caddington ward in the Luton South constituency

- The inclusion of the Kempston Rural ward in the Bedford constituency and the consequent inclusion of the Elstow and Stewartby ward in the Mid Bedfordshire constituency

### **Cambridgeshire, Hertfordshire and Norfolk**

- The cross-county constituency of Letchworth and Royston and the inclusion of the four South Cambridgeshire wards of Melbourn, Bassingbourn, The Mordens and Meldreth in this constituency
- The inclusion of the Milton ward in the South East Cambridgeshire constituency rather than in Cambridge
- The inclusion of City of Peterborough wards in the North West Cambridgeshire constituency
- The inclusion of the Three Rivers District ward of Leavesden and the Watford Borough ward of Woodside in the St. Albans constituency, and the inclusion of the St. Albans District ward of London Colney in the Hertsmere constituency
- The inclusion of the East Hertfordshire District ward of Great Amwell in the Broxbourne constituency
- The inclusion of the Wensum ward in the Norwich North constituency
- The inclusion of the North Norfolk District wards of Astley and Briston in the Broadland constituency rather than North Norfolk

### **Essex**

- The inclusion of the Victoria and St. James wards of Castle Point Borough in the Southend West and Hadleigh constituency

## **Suffolk**

- There were no major issues that drew objections in this sub-region

### Final recommendations

10. In light the of the representations and evidence received we have considered whether the revised proposals should be changed.

**Table 2 - Sub-regions used**

<b>Initial proposals</b>	<b>Revised proposals</b>	<b>Final recommendations</b>
Bedfordshire	Bedfordshire	Bedfordshire
Cambridgeshire, Hertfordshire and Norfolk	Cambridgeshire, Hertfordshire and Norfolk	Cambridgeshire, Hertfordshire and Norfolk
Essex	Essex	Essex
Suffolk	Suffolk	Suffolk

11. The final recommendations have been formulated on the same sub-regions used as the initial and revised proposals. No counter-proposal were received during consultation on the revised proposals, which suggested alternative sub-regions.

**Table 3 - Headline numbers for schemes**

Schemes	Constituencies - ward changes					Local authorities in constituency			Constituencies crossing a county boundary	
	Number wholly unchanged	Number changed by rewarding only	One-ward change	Two-to-five ward change	Six-ward and more change	One	Two	Three or more	Two	Three
Initial proposals	6	2	13	21	15	14	31	12	2	0
Revised proposals	7	1	14	24	11	16	31	10	2	0
Final recommendations	7	1	14	24	11	16	31	10	2	0

12. Under the final recommendations seven of the existing constituencies are unchanged. As in the initial and revised proposals two constituencies are proposed to cross county boundaries. These constituencies are unchanged from the initial and revised proposals.

## More detailed breakdown of numbers for schemes

**Table 4 - Final recommendations**

Borough	Constituencies - ward changes					Local authorities in constituencies			Constituencies crossing a county boundary	
	Number wholly unchanged	Number changed by rewarding only	One-ward change	Two-to-five ward change	Six-ward or more change	One	Two	Three or more	Two	Three
Bedfordshire	0	0	1	4	1	2	4	0	0	0
Cambridgeshire, Hertfordshire and Norfolk	1	0	9	13	4	6	14	7	2	0
Essex	3	0	3	5	6	6	9	2	0	0
Suffolk	3	1	1	2	0	2	4	1	0	0
<b>Total</b>	<b>7</b>	<b>1</b>	<b>14</b>	<b>24</b>	<b>11</b>	<b>16</b>	<b>31</b>	<b>10</b>	<b>0</b>	<b>0</b>

## **Overview**

13. In our initial and revised proposals, we divided the Eastern region into four sub-regions: Bedfordshire; Cambridgeshire, Hertfordshire and Norfolk; Essex; and Suffolk. In general, support was received for the creation of these sub-regions throughout all consultation periods. Some alternatives were put forward suggesting alternative sub-regions however, it was considered that these did not provide for a better pattern of constituencies. We recommend no changes to the sub-regions as part of the final recommendations.

### **Sub-region 1 - Bedfordshire**

14. Of the six existing constituencies in the ceremonial county of Bedfordshire, only one, South West Bedfordshire, is within the permitted electorate range. Of the remaining five constituencies, Mid Bedfordshire and North East Bedfordshire are above the 5% limit and Bedford, Luton North, and Luton South are below the 5% limit. Our initial and revised proposals were for six constituencies and did not retain any existing constituencies unchanged.
15. The revised proposals in this part of the sub-region amended the composition of three constituencies we proposed as part of the initial proposals. A further constituency name was changed in our revised proposals (Luton North and Houghton Regis). Objections had previously been received which suggested that the initial proposals divided the Kempston area and that the Kempston Rural ward should be included in the Bedford constituency. Consequently, it was proposed that the Elstow and Stewartby ward be included in the Mid Bedfordshire constituency rather than Bedford and the Barton-le-Clay ward be transferred from the South West Bedfordshire constituency to the Mid Bedfordshire constituency. These modifications were incorporated in the revised proposals. Previously, representations had also been

received opposing the configuration of constituencies in Luton. A number of counter-proposals were received but it was considered these did not provide for a better pattern of constituencies.

16. The revised proposals have been supported and opposed by respondents during the recent consultation. Some representations have been received supporting the inclusion of the Kempston Rural ward in the Bedford constituency. However, some have opposed this modification and support the inclusion of the Elstow and Stewartby ward in the Bedford constituency and would prefer the pattern of constituencies as in the initial proposals. As during previous consultations, some objections have been received to the configuration of constituencies in Luton. Some respondents oppose the inclusion of Houghton Regis with part of Luton to form a constituency and some object to the inclusion of the Caddington ward in the Luton South constituency. A number of alternative constituency names have also been suggested.

## **Recommendations**

17. Having considered the evidence and following discussions with the lead commissioner for this region, we recommend no changes to the boundaries of the revised proposals in this sub-region. We recognise that some representations received during the recent consultation support reverting to the initial proposals. However, it is considered that no new or compelling evidence has been received that persuades us to modify the Bedford or Mid Bedfordshire constituencies. We also consider that counter-proposals for Luton would not create an improved pattern of constituencies and that no new and compelling evidence has been received to modify the revised proposals. The names and composition of each constituency for the final recommendations is detailed in appendix A.

## **Sub-region 2 - Cambridgeshire, Hertfordshire and Norfolk**

### **Cambridgeshire**

18. Of the existing seven constituencies in Cambridgeshire, none are within 5% of the permitted electorate range. The initial proposals and revised proposals both combined parts of Cambridgeshire in constituencies with parts of Norfolk and Hertfordshire.
19. During consultation on the initial proposals a large number of objections were received to the proposed North East Hertfordshire constituency that included the three District of South Cambridgeshire wards of The Mordens, Bassingbourn, and Melbourn. Respondents considered these wards had more focus towards Cambridge and put forward a number of counter-proposals. In general these counter-proposals resolved this particular issue but created further cross-county constituencies elsewhere in the region and required widespread modifications to constituencies, and also to those that had been supported. The revised proposals therefore continued to include the above mentioned wards in a cross-county constituency with Hertfordshire. It was also proposed that the Meldreth ward be included in this constituency given the evidence received indicating very close community ties between the Meldreth and Melbourn wards. The revised proposals also amended the constituencies of Cambridge and South East Cambridgeshire resulting in a Cambridge constituency that was coterminous with the local authority. No other changes were proposed to the initial proposals in Cambridgeshire, apart from the renaming of the Huntingdon constituency to Huntingdon and St Neots, to recognise that St Neots was now the largest town in the constituency.
20. The revised proposals have received support and opposition during the recent consultation. The inclusion of the four South Cambridgeshire wards in the cross-county Letchworth and Royston constituency continues to attract opposition.

Similar counter-proposals were received to previous consultations which would require consequential changes made to a number of surrounding constituencies. Some support has been received for the revised Cambridge constituency, although some have opposed the inclusion of the Milton ward in the South East Cambridgeshire constituency (where it is currently located). During the recent consultation some opposition has been received to the proposed Peterborough constituency with respondents considering the proposals divide the centre of the city. This constituency was generally supported during previous consultations.

## **Recommendations**

21. Having considered the evidence and following discussions with the lead commissioner for this region we recommend no changes to the boundaries of the revised proposals in this part of the sub-region. We note that representations received during this consultation in Cambridgeshire have largely commented on the cross-county constituency between Cambridge and Hertfordshire. Counter-proposals were received which proposed an alternative constituency for South Cambridgeshire, but in doing so would require a number of consequential changes to be made to other constituencies which have otherwise been supported and would also require changes to the sub-regions. We consider that no new or compelling evidence has been received to adopt this counter-proposal. We note that the revised Cambridge constituency has been supported and opposed in representations. We recommend no changes to the revised proposals for the Cambridge constituency noting that it was coterminous with the local authority under the revised proposals and more aligned to the existing constituency. The names and composition of each constituency for the final recommendations is detailed in appendix A.

## Hertfordshire

22. Of the existing 11 constituencies in Hertfordshire four are within the permitted electorate range. Under the initial proposals the Hitchin and Harpenden constituency was retained unchanged. The initial proposals in Hertfordshire were generally supported. However, significant opposition was received to the proposed Watford, Hertsmere, and South West Hertfordshire constituencies with a number of respondents opposing the inclusion of the Carpenders Park ward in a Hertsmere constituency rather than the Watford constituency.
23. The revised proposals incorporated changes to the Watford, Hertsmere and St. Albans constituencies in order to reflect the evidence that the Carpenders Park ward should be included in the Watford constituency. As a result the Watford Borough ward of Woodside was included in the St. Albans constituency and the St. Albans Borough ward of London Colney was included in the Hertsmere constituency. The revised Watford constituency has been supported during the recent consultation, particularly by those who advocated the inclusion of Carpenders Park in this constituency. However, there has been significant opposition to the inclusion of the Woodside ward in the St. Albans constituency, with respondents indicating that the ward is part of Watford Borough and that the community ties are with Watford. Some objections have also been received to the inclusion of the London Colney ward in the Hertsmere constituency with some respondents considering that the ward's links were with St. Albans, and not Hertsmere.
24. In response to the consultation on the revised proposals some representations have been received opposing the inclusion of the Leavesden ward in the St. Albans constituency. Respondents have indicated that this area has close links with the Woodside ward and should also be included in the Watford constituency. The proposed Broxbourne constituency has also been opposed during consultation on the revised proposals. Representations object to the

inclusion of the East Hertfordshire District ward of Great Amwell in this constituency. Neither of the Leavesden or Great Amwell wards attracted significant objection in the consultation on the initial proposals.

## **Recommendations**

25. Having considered the evidence and following discussions with the lead commissioner for this region we recommend no changes to the boundaries of the revised proposals in this part of the sub-region. We note that the revised proposals for Watford, Hertsmere and St. Albans have received a mixture of support and opposition. Some counter-proposals have been received suggesting the Commission revert to the initial proposals. The initial proposals would address the concerns about the local authorities of Watford and St. Albans being divided between constituencies but would not resolve the issues raised concerning Carpenders Park ward. Having considered all the evidence, we consider that no new or compelling evidence has been received to modify the revised proposals in this part of the sub-region. We note that some representations have commented on the links between the Leavesden and Woodside wards. It is not possible to include both in the Watford constituency without substantial changes to neighbouring constituencies. In addition, this counter-proposal is likely to result in the area of Abbots Langley being divided between constituencies. During previous consultations little comment was received about the proposed Broxbourne constituency. We consider that no compelling evidence has been received to modify this proposed constituency. The names and composition of each constituency for the final recommendations is detailed in appendix A.

## **Norfolk**

26. Of the nine existing constituencies in Norfolk, five are below the permitted electorate range and one is above. Under the initial and revised proposals it was proposed to have a cross-county constituency between Norfolk and Cambridgeshire.

In response to the consultation on the initial proposals the Commission received few representations that commented directly on Norfolk and there was some support for the inclusion of the District of East Cambridgeshire wards of Littleport East and Littleport West in the cross-county South West Norfolk constituency. Some counter-proposals were received for Norfolk, but representations largely focused on the proposals for Norwich North and Norwich South. Respondents objected to the Wensum ward being included in the Norwich North constituency, with it being argued that the River Wensum traditionally marked the boundary between North and South Norwich. The revised proposals for Norfolk did not include any changes to the initial proposals as it was considered that the counter-proposals did not provide for a better pattern of constituencies.

27. In response to the consultation on the revised proposals few representations were received commenting on Norfolk. Some representations objected to the proposals for the constituencies of Broadland and North Norfolk, although these largely repeated previous objections. We also received similar arguments to previous consultations concerning the constituencies of Norwich North and Norwich South. The cross-county constituency of South West Norfolk, which we renamed Thetford and Downham Market in our revised proposals, drew little comment during consultation on the initial proposals. However, it did receive limited opposition during consultation on the revised proposals, and in particular, to the inclusion of the two Littleport wards in the constituency.

## **Recommendations**

28. As will be outlined in the presentation to commissioners, having considered the evidence and following discussions with the lead commissioner for this region we recommend no changes to the boundaries of the revised proposals in this sub-region. The counter-proposals received for Norwich do resolve the concerns regarding the inclusion of the Wensum ward in the Norwich North constituency. However, as a consequence the Thorpe Hamlet ward would be included in the

Norwich North constituency. This would still result in the constituency traversing the River Wensum, and also divide the centre of Norwich given that the railway station and cathedral are included in this ward.

29. Similarly, we do not recommend any changes to the composition of the Broadland constituency or the cross-county constituency of Thetford and Downham Market, although it is suggested that the Broadland constituency be renamed Broadland and Fakenham, as the Broads themselves form only part of the eastern end of the constituency, although it has not been significantly altered in our proposals. Counter-proposals received for the Thetford and Downham Market constituency would likely require the division of Wisbech between constituencies. Having considered the evidence we have investigated the counter-proposals received and do not consider they necessarily improve community ties within a constituency. The names and composition of each constituency for the final recommendations is detailed in appendix A.

### **Sub-region 3 - Essex**

30. Of the 18 constituencies in Essex, seven are within the permitted electorate range. The initial proposals were for 17 constituencies, a reduction of one, and retained the existing constituencies of Chelmsford, Epping Forest, and Thurrock. The initial proposals were largely opposed throughout the county with a number of different counter-proposals received. Opposition was received to the North East Essex constituency, particularly the inclusion of the Golf Green ward in this constituency. There was considerable opposition to the initial proposals for the Brentwood and Ongar, South Basildon and East Thurrock, Castle Point, and Southend West constituencies. Representations largely focused on the divisions of Brentwood and Castle Point between constituencies.
31. The revised proposals included a number of changes to the initial proposals in southern and eastern Essex. It was proposed to include all of the Brentwood area in a Brentwood and Ongar constituency. Consequential changes in this

part of south Essex meant that the majority of the town of Basildon was included in a single constituency. This in turn led to the renaming of the constituency of South Basildon and East Thurrock as Basildon and East Thurrock, and of Basildon and Billericay as Billericay. Further Changes were also put forward for the constituencies of Billericay, Witham and Maldon, and Rayleigh and Wickford. No changes were made to the proposed constituencies of Castle Point, and Southend West. It was noted that significant opposition had been received to the inclusion of Hadleigh in a constituency with Southend rather than Castle Point but it was not possible to put forward an alternative pattern that resolved the issues raised. However, we did decide to rename the constituency Southend West and Hadleigh to recognise the inclusion of the Borough of Castle Point wards of St. James and Victoria in the constituency. Changes were also proposed to the constituencies of North East Essex, and Harwich and Clacton. The reconfigured constituencies resulted in the Golf Green ward being included in the Harwich and Clacton constituency.

32. The revised proposals for Essex have broadly been supported in response to the recent consultation. Some opposition was received to the revised proposals, which focused on the constituencies of Castle Point, and Southend West and Hadleigh and the inclusion of the Victoria and St. James wards in the Southend West and Hadleigh constituency.

## **Recommendations**

33. Having considered the evidence and following discussions with the lead commissioner for this region we recommend no changes to the boundaries of the revised proposals in this sub-region. We note the continued opposition to the proposed Castle Point, and Southend West and Hadleigh constituencies. Having investigated alternatives we consider that no counter-proposals have been received that would address the local concerns whilst reflecting the statutory criteria. Therefore, we recommend no changes to either constituency. The names and composition of each constituency for the final recommendations is detailed in appendix A.

#### **Sub-region 4 - Suffolk**

34. Of the seven existing constituencies in Suffolk, one is above the permitted electorate range and one is below. The remaining five constituencies are within 5% of the electoral quota. The initial proposals retained four constituencies; Waveney, West Suffolk, Central Suffolk and North Ipswich, and Suffolk Coastal. The latter two constituencies were modified slightly to reflect new local government ward boundaries.
35. The initial proposals for Suffolk received a mixture of support and opposition during the first two consultations. The opposition largely focused on the inclusion of the Pinewood ward in the Ipswich constituency rather than the South Suffolk constituency. Counter-proposals were received that included an unchanged South Suffolk constituency and proposed different configurations for the constituencies of Central Suffolk and North Ipswich, Ipswich, and Bury St. Edmunds. The counter-proposals received were not all identical with some suggesting that either of the Ipswich Borough wards of Castle Hill or Whitehouse should be included in the Ipswich constituency instead of Pinewood. The revised proposals reconfigured four constituencies in Suffolk - Central Suffolk and North Ipswich, Bury St. Edmunds, Ipswich, and South Suffolk, the latter now being an unchanged constituency. As part of the revised proposals the Castle Hill ward was included in the Ipswich constituency.
36. In response to the consultation on the revised proposals, few representations were received that commented on Suffolk. Those that did largely supported the proposals. Those opposing the proposals mainly commented on the the reconfigured Ipswich constituency. Some respondents considered that the Whitehouse ward should be included in the constituency rather than Castle Hill, whereas others suggest we should revert to the initial proposals, although there was support for the inclusion of the Castle Hill ward in the Ipswich constituency.

## **Recommendations**

37. Having considered the evidence and following discussions with the lead commissioner for this region we recommend no changes to the boundaries of the revised proposals in this sub-region. We note that some representations suggest the Commission revert to the initial proposals for this sub-region. However, evidence has been received to support the revised proposals and no new or compelling evidence has been received for the alternative. The names and composition of each constituency for the final recommendations is detailed in appendix A.

Constituency	Constituency Designation	Ward	Local Authorities	Electorate
