Initial/revised proposals overview

1. The East Midlands region was allocated 44 constituencies under the initial and revised proposals, a reduction of two from the existing allocation. In formulating the initial and revised proposals the Commission decided to construct constituencies using the following sub-regions:

Table 1A - Constituency allocation

Sub-region	Existing allocation	Allocation under initial proposals	Allocation under revised proposals
Lincolnshire	7	7	7
Derbyshire and Derby	11	10	10
Leicestershire, Leicester, Northamptonshire, Nottinghamshire, Nottingham and Rutland	28	27	27

2. Under the initial proposals, seven of the existing 46 constituencies were completely unchanged. The revised proposals retained eight of the existing 46 constituencies unchanged - an increase of one. Under both sets of proposals it was proposed to have two constituencies that crossed county boundaries - one between Nottinghamshire and Leicestershire, and another between Leicestershire and Nottinghamshire. In Lincolnshire, and Derbyshire and Derby, it was possible to allocate a whole number of constituencies to each county.

3. In response to the consultation on the initial proposals and secondary consultation the Commission received over 1,600 representations regarding the East Midlands region. These representations commented on most parts of the region, with the main issues being:
 - opposition to the exclusion of the Bozeat, Finedon, and Harrowden & Sywell wards from the proposed Wellingborough constituency
 - opposition to the division of the town of Dronfield between constituencies, and the creation of the two new constituencies of Alfreton and Clay Cross, and Bolsover and Dronfield.
 - opposition to the inclusion of the Nottingham City ward of Bilborough in the proposed Broxtowe and Hucknall constituency. Respondents argued that this ward should be included in a constituency based primarily in the City of Nottingham.
 - opposition to the two cross-county constituencies of Daventry and Lutterworth, and Loughborough and Rushcliffe South

4. In considering the evidence, the Commission altered 43% of constituencies in the East Midlands region - one of these constituencies was only subject to a change of name.

Number of representations received

5. In the East Midlands region, the Commission received a total of 421 representations during consultation on the revised proposals, bringing the total number of representations for this region to 2,048. This number included all those who gave evidence at the public hearings. There were also a number of duplicate representations within this total, as well as representations that made general comments that did not have any bearing on the substance of the initial and revised proposals.

Table 1B - Representations received

Type of respondents	Consultation on revised proposals	Total number of representations
Member of Parliament	6	53
Official political party response	5	23
Peer from House of Lords	0	0
Local councillor	14	147
Local authority	10	31
Parish or town council	12	67
Other organisation	2	37

Member of the public	372	1,690
Total	421	2,048

6. While many of the representations can be categorised as opposing the Commission’s revised proposals, there has been a degree of support for certain constituencies across the whole region. These include, but are not limited to all seven constituencies in Lincolnshire, Bassetlaw, Leicester East, Leicester South, Leicester West and Rutland and Melton.

Campaigns

7. In the East Midlands, one organised letter writing campaign was received during the consultation on the revised proposals, the details of which are as follows:-

Table 1C - Campaigns

Campaign	ID Number	Support/ oppose initial proposals	Strength (no. of signatories)
Dale Abbey Village campaign	BCE-51412	Oppose	147

8. During the previous consultations the Commission received six campaigns in relation to the East Midlands region. None of these campaigns were put forward again during the consultation on revised proposals.

Major issues

9. Major issues that drew objection were as follows:-

Lincolnshire

- the inclusion of the Kirkby la Thorpe and South Kyme, and Heckington Rural wards in the proposed Boston and Skegness constituencies
- the inclusion of the town of North Hykeham in the proposed Lincoln constituency

Derbyshire and Derby

- the inclusion of the village of Dale Abbey in the proposed Amber Valley constituency
- the inclusion of the town of Belper in the proposed Derbyshire Dales constituency

Nottinghamshire and Nottingham

- the inclusion of the Nottingham City wards of Clifton North and Clifton South in the proposed Rushcliffe constituency
- the division of Chilwell between the proposed Nottingham South and Beeston, and Broxtowe and Hucknall constituencies
- the proposal of the cross-county constituency of Loughborough and South Rushcliffe

Leicestershire and Leicester and Rutland

- the proposal of the cross-county constituency of Loughborough and South Rushcliffe
- the proposal of the cross-county constituency of Daventry and Lutterworth

Northamptonshire

- the inclusion of the (currently divided) Harrowden and Sywell ward, and the Earls Barton ward in the proposed Daventry and Lutterworth constituency
- the exclusion of the Finedon ward from the proposed Wellingborough constituency
- the proposal of the cross-county constituency of Daventry and Lutterworth

Final recommendations

10. In light the of the representations and evidence received we have considered whether the revised proposals should be changed.

Table 2 - Sub-regions used

Initial proposals	Revised proposals	Final recommendations
Lincolnshire	Lincolnshire	Lincolnshire
Derbyshire and Derby	Derbyshire and Derby	Derbyshire and Derby
Leicestershire, Leicester, Northamptonshire, Nottinghamshire, Nottingham, and Rutland	Leicestershire, Leicester, Northamptonshire, Nottinghamshire, Nottingham, and Rutland	Leicestershire, Leicester, Northamptonshire, Nottinghamshire, Nottingham, and Rutland

11. The final recommendations have been formulated on the same sub-regions used as the initial and revised proposals. No counter-proposals that suggested alternative sub-regions were received during consultation on the revised proposals. At the revised proposals stage, some counter-proposals were received that suggested crossing the regional boundary between Yorkshire and the Humber and the East Midlands, to reconfigure constituencies in Grimsby, and also between the South East and the East Midlands, to reconfigure constituencies in Milton Keynes. We did not recommend any of

these proposals as we considered that doing so would not produce a better pattern of constituencies in the East Midlands.

Table 3 - Headline numbers for schemes

Schemes	Constituencies - ward changes					Local authorities in constituency			Constituencies crossing a county boundary	
	Number wholly unchanged	Number changed by rewording only	One-ward change	Two-to-five ward change	Six-ward and more change	One	Two	Three or more	Two	Three
Initial proposals	7	3	3	11	20	12	22	10	2	0
Revised proposals	8	3	5	10	18	15	23	6	2	0
Final recommendations	8	3	5	10	18	15	23	6	2	0

12. Under the final recommendations eight of the existing constituencies are unchanged. As in the initial and revised proposals two constituencies are proposed to cross county boundaries. These constituencies are unchanged from the initial and revised proposals.

More detailed breakdown of numbers for schemes

Table 4 - Final recommendations

County	Constituencies - ward changes					Local authorities in constituencies			Constituencies crossing a county boundary	
	Number wholly unchanged	Number changed by rewording only	One-ward change	Two-to-five ward change	Six-ward or more change	One	Two	Three or more	Two	Three
Lincolnshire	2	2	0	1	2	2	4	1	0	0

Nottinghamshire	2	1	1	1	5	3	6	1	0	0
Leicestershire with Rutland	3	0	1	3	3	4	5	1	1*	0

Northamptonshire	0	0	1	3	3	1	5	1	1**	0
Total	8	3	5	10	18	15	23	6	2	0

***Loughborough and Rushcliffe South is counted as a Leicestershire constituency**

**** Daventry and Lutterworth is counted as a Northamptonshire constituency**

Overview

13. In our initial and revised proposals, we divided the East Midlands region into three sub-regions: Lincolnshire; Derbyshire and Derby; and Leicestershire, Leicester, Northamptonshire, Nottinghamshire, Nottingham, and Rutland. In general, support was received for the creation of these sub-regions throughout all consultation periods. In previous stages of the consultation, one respondent suggested that Derbyshire, Leicestershire, Lincolnshire and Nottinghamshire be grouped into one sub-region, and that Northamptonshire and Rutland be grouped in another. We rejected this argument as we did not consider that this enabled a better pattern of constituencies in the East Midlands and subsequently received no further counter-proposals that suggested an alternative sub-regional arrangement. Therefore, we recommend no changes to the sub-regions as part of the final recommendations.

Sub-region 1 - Lincolnshire

14. Of the seven existing constituencies in Lincolnshire, four are currently within the permitted electorate range. Under our initial proposals, we proposed to retain two existing constituencies: Gainsborough, and South Holland and The Deepings. Additionally, we proposed to retain the existing constituencies of Grantham and Stamford, and Louth and Horncastle, with minor modifications to reflect changes to local government ward boundaries.

15. There was a limited response to the initial proposals in Lincolnshire, with the proposed constituencies being generally supported, and with objections being mainly focused on the inclusion of North Hykeham in the proposed Lincoln constituency. Some respondents (including the then MP of the Lincoln constituency) opposed the inclusion of the town in this constituency and supported a counter-proposal they believed was superior as it moved fewer electors from the existing Lincoln constituency. We visited the Lincoln area, and observed that North Hykeham has close links to Lincoln. We also noted that the counter-proposal appeared to divide the Bracebridge Heath and Waddington areas in the northern part of the ward, and therefore the initial proposals for all seven constituencies were retained unchanged in the revised proposals.
16. The consultation on the revised proposals attracted even fewer representations than in previous stages. A small number of individual representations opposed the inclusion of the Heckington Rural, and Kirkby la Thorpe and South Kyme wards in the Boston and Skegness constituency, as they considered they had much closer links to Sleaford. The representation of North Hykeham Town Council expressed the view that would prefer separate parliamentary representation to Lincoln, but otherwise that North Hykeham should be reflected in the constituency name if the proposals are to remain the same.

Recommendations

17. Having considered the evidence and following discussions with the lead commissioner for this region, we recommend no changes to the boundaries of the revised proposals in this sub-region. We note that the Lincolnshire sub-region generated a limited response to the proposals. We do however, consider that the the name of the Lincoln constituency should be amended to reflect the inclusion of the large population centre of North Hykeham, from North Kesteven district. We therefore recommend that this constituency is named Lincoln and North Hykeham. The names and composition of each constituency for the final recommendations is detailed in appendix A.

Sub-region 2 - Derbyshire and Derby

18. Of the existing 11 constituencies in Derbyshire, three (High Peak, Chesterfield, and South Derbyshire) are within 5% of the permitted electorate range. In the initial and revised proposals, Derbyshire and Derby was treated as a sub-region on its own.
19. During consultation on the initial proposals a large number of objections were received to the creation of two new constituencies: Alfreton and Clay Cross, and Bolsover and Dronfield. Opposition to these two constituencies focused on the lack of community links between the areas named in the title of each constituency, the division of Dronfield between the two constituencies, and that Bolsover District had been divided between two constituencies. We also received objections to the proposed Amber Valley constituency, which were centred on the exclusion of large parts of the River Amber from the constituency, the links between Ripley and Heanor (split under the initial proposals), and whether the towns of Belper and the Allestree ward would be more appropriately included in either the Amber Valley or Derbyshire Dales constituencies. In the City of Derby, many respondents considered that the community of Chaddesden had been split in the initial proposals, and the the Commission's naming of the Derby North and Derby South constituencies was not an accurate reflection of their orientation, suggesting that Derby East and Derby West would be more suitable. Others considered that due to its rural nature, the Aston ward should not be included in the Derby South constituency and should instead remain in the South Derbyshire constituency.
20. In response to the representations received during the initial proposals and secondary consultations, we proposed a Bolsover constituency that contained all the wards from Bolsover District, and a North East Derbyshire constituency that was coterminous with its local authority area of the same name. We visited the Allestree area and observed that it was a part of the City of Derby, and would ideally be included in a constituency with other parts of the city. However, we noted

that it was not possible to do so without significant reconfiguration of many constituencies, and also noted that it was not currently located in a City of Derby constituency. We considered Allestree to be poorly linked to the Derbyshire Dales constituency, and therefore recommended that it be included in the Amber Valley constituency. Consequentially, the four wards comprising the town of Belper were recommended to be included in the Derbyshire Dales constituency. We agreed with the suggestion that the two constituencies in the City of Derby should be named Derby East and Dery West, and also with the minor modification to their configurations that allowed Chaddesden to be united, and recommended these as part of our revised proposals. We noted the concerns regarding the Aston ward, but we were unable to address these without modifying multiple surrounding constituencies. We suggested no further changes to any proposals for the remainder of the constituencies in this sub-region.

21. The revised proposals have been generally supported in this sub-region, with few constituencies drawing a large response. The proposals for the Bolsover and North East Derbyshire constituencies have been generally supported, although some have commented that these proposals have split the community of Leabrooks, and the Alfreton and Somercotes County Division. We noted that this could not be resolved without subsequent changes to the Bolsover, North East Derbyshire and the (unchanged) High Peak constituency. Some respondents considered that Belper had better links to the proposed Amber Valley constituency, but no further counter-proposals were received. Our proposals for the Derby East and Derby West constituencies were generally supported. We received a petition with 147 signatories objecting to the inclusion of Dale Abbey parish (in the West Hallam & Dale Abbey ward) in the Amber Valley constituency, as they considered that the parish had closer community links to Erewash. This petition implicitly suggests the division of the West Hallam & Dale Abbey ward, as it states 'There are just 266 of us; our inclusion in Erewash will not have a significant impact on the size of either constituency'.

Recommendations

22. Having considered the evidence and following discussions with the lead commissioner for this region we recommend no changes to the boundaries of the revised proposals in this sub-region. We regard the division of Leabrooks as regrettable, but in light of a lack of further evidence that the community has been divided, and in light of the consequential changes that are required to resolve the issue, we do not recommend that the proposals for Bolsover, Derbyshire Dales, and North East Derbyshire should be modified. We also note that some respondents continue to suggest that Belper should be included in the Amber Valley constituency, but we do not consider that sufficiently persuasive new evidence has received to depart from the revised proposals.

23. We note the objections to the inclusion of the parish of Dale Abbey in the proposed Erewash constituency, but we do not consider that persuasive evidence has been received to meet our 'exceptional and compelling' criteria for the splitting of a ward, and furthermore observe that doing so would not have wider beneficial effects in this sub-region. As such, we recommend that the revised proposals for the Amber Valley and Erewash constituencies remain unaltered. We note that the constituencies of Derby East and Derby West have been generally supported, and that any attempt to include the City of Derby ward of Allestree in either constituency would result in the extensive reconfiguration of several other constituencies. Therefore, we recommend that these two constituencies remain as suggested in the revised proposals. We also do not recommend that any changes are made to the South Derbyshire constituency. The names and composition of each constituency for the final recommendations is detailed in appendix A.

Sub-region 3 - Leicestershire, Leicester, Northamptonshire, Nottinghamshire, Nottingham and Rutland

Nottinghamshire and Nottingham

24. Of the existing 11 constituencies in Nottinghamshire, six are currently within the permitted electorate range: Ashfield, Bassetlaw, Mansfield, Newark, Rushcliffe, and Sherwood. The other five existing constituencies all fall below the permitted electorate range.
25. The revised proposals reconfigured the Newark, Sherwood and West Bridgford (including a name change for the latter) constituencies in order to better reflect community links by including the East Bridgford ward in the Newark constituency, and allowing both the Ollerton and Boughton wards to be situated in the Sherwood constituency. We also suggested a minor modification to the Broxtowe and Hucknall, and Nottingham South and Beeston constituencies to facilitate the inclusion of the Bilborough ward in a constituency based primarily in the City of Nottingham. We acknowledged that regretfully, this would divide the community of Chilwell, but considered that the initial proposals caused a greater degree of division in splitting Bilborough from the City of Nottingham and by dividing the city across five constituencies. We proposed that the remaining constituencies in Nottinghamshire (with the exception of the cross-county constituency that will be discussed in the section dealing with Leicestershire, Leicester, and Rutland) remain unaltered as suggested in the initial proposals.
26. In response to the consultation on the revised proposals several representations have been received strongly opposing the division of Chilwell between constituencies. One such representation recommended that the Commission reconsider a counter-proposal submitted at an previous consultation stage, in which several constituencies in Nottinghamshire are reconfigured. The continued inclusion of the two Nottingham City wards of Clifton North and Clifton South in the North

Rushcliffe constituency continues to be contentious, with many representations expressing the wish that these wards are included in a constituency based in the city. Others expressed the view that if the proposals were to be retained, then as a sizeable population centre within the constituency, Clifton should be recognised in the name of the constituency. One counter-proposal that concurred with this view includes these wards in a Nottingham West and Beeston constituency that significantly reconfigures the revised proposals, including the absence of any Sherwood constituency. The author of this counter-proposal described the existing Sherwood constituency as 'incoherent'.

27. Another counter-proposal agreed with the Commission's proposals to include Clipstone and Edwinstowe in the same constituency, but argued that it was 'preferable' to separate these from the suburbs of Arnold. In this counter-proposal, an Arnold and Southwell constituency is created, modifying four constituencies recommended in the revised proposals. Another counter-proposal generally supported the Commission's proposals for Nottinghamshire and Nottingham, but suggested a minor amendment to two constituencies. This respondent considered that the proposal for the Sherwood constituency had caused the Trent Valley ward to be 'inaccessible' from the rest of the constituency and advised that the simplest solution to resolve this issue would be to transfer the ward to the Nottingham East and Carlton constituency. This modification would still mean that the Sherwood and Nottingham East and Carlton constituencies were within the permitted electoral range.
28. Some respondents expressed the view that a Gedling constituency should continue to exist, and did not wish to be part of a constituency with the City of Nottingham. Others considered that it would be more appropriate for the wards covering Beeston to be included in a Broxtowe constituency than in a constituency with wards from Nottingham City, although in neither case were new counter-proposals submitted. Multiple respondents considered that a more appropriate title for the Nottingham South and Beeston constituency would be Nottingham West and Beeston, given the orientation of the constituency.

Recommendations

29. Having considered the evidence and following discussions with the lead commissioner for this region we recommend the proposal to modify the Nottingham and East and Carlton, and Sherwood constituencies. We agree that the Trent Valley ward has no clear road links to the rest of the proposed Sherwood constituency, and note that the solution proposed does not have consequential knock on effects. We concur that ideally, the Clifton North and Clifton South wards would be located in a constituency primarily based in the City of Nottingham, but also note that counter-proposals that achieve this do so by significantly modifying the revised proposals - and by extension, altering proposed constituencies that have been supported and have resolved issues presented at earlier consultation stages. Therefore we do not recommend the counter-proposal submitted that modifies several constituencies across the City of Nottingham and Nottinghamshire. We agree with the suggestion that a more appropriate title for the Nottingham South and Beeston constituency would be Nottingham West and Beeston, given its configuration.
30. We recognise that Clifton is a large settlement from a different local authority area in the proposed North Rushcliffe constituency, and that this should be reflected in the name. Therefore, we suggest that a more appropriate name for this constituency is North Rushcliffe and Clifton. We also do not recommend the counter-proposal that modifies the Nottingham East and Carlton, Newark, North Rushcliffe, and Sherwood constituencies to avoid including the suburbs of Arnold in a constituency that also contains the Clipstone and Edwinstowe areas, nor the suggestion that we revisit proposals from earlier consultation stage to reconfigure constituencies in a way that does not divide Chilwell. We do not consider that sufficiently compelling evidence has been received to depart so substantially from the revised proposals, when in some cases, this will result in modifying constituencies that are either wholly unchanged, or changed only by rewording. The names and composition of each constituency for the final recommendations is detailed in appendix A.

Leicestershire, Leicester and Rutland

31. At present, Leicestershire, (including the City of Leicester and Rutland) has 10 constituencies. Of these, nine are currently within the permitted electorate range, while Leicester West has an electorate that is below the permitted electorate range. The initial proposals for the Leicester East, Leicester South, Leicester West and Rutland and Melton constituencies were largely supported, and did not elicit many representations. We revised our proposals elsewhere in Leicestershire to reconfigure North West Leicestershire so that it would be unchanged from its existing configuration, and also recommended a Bosworth constituency that contained only wards from the Bosworth local authority area. We proposed that the cross county constituency of Loughborough and North Rushcliffe include The Wolds ward as well as the two wards covering the town of Shepshed, and that the amended Charnwood constituency would contain the Quorn and Mountsorrel Castle, and Barrow and Sileby West wards, uniting the villages of Mountsorrel and Sileby (which had been divided in the initial proposals) into a single constituency. We not did propose changes to any other constituencies in Leicestershire, Leicester and Rutland.
32. In response to the consultation on the revised proposals, several representations opposed the cross-county constituencies of Loughborough and South Rushcliffe, including respondents from both Nottinghamshire and Leicestershire. Many felt that the proposed constituency had no identity, and that Loughborough had little in common with Rushcliffe. Other respondents supported the revised proposals, noting that ties had been restored between The Wolds ward and Loughborough, and that the neighbouring constituency of North West Leicestershire had been retained unchanged. Several other comments, primarily from Harborough district, strongly opposed the cross county constituency of Daventry and Lutterworth, citing a lack of connection between the areas from Northamptonshire that are proposed to be included in the constituency. The remaining constituencies in Leicestershire, Leicester, and Rutland, did not attract many representations, although multiple respondents considered that a more appropriate name for the

Harborough constituency would be Harborough, Oadby and Wigston, to reflect that the constituency contained parts of two local authorities. A counter-proposal for Leicestershire was received that retained the existing Rutland and Melton constituency as part of a configuration that linked the town of Market Harborough with Daventry from Northamptonshire, and created new constituencies of Blaby, and Wigston and Lutterworth. This counter-proposal significantly reconfigured constituencies in Leicestershire.

Recommendations

33. As will be outlined in the presentation to commissioners, having considered the evidence and following discussions with the lead commissioner for this region we recommend no changes to the boundaries of the revised proposals in this sub-region. The single counter-proposal received for this sub-region does retain an additional existing constituency, but reconfigures constituencies that could reasonably be considered to be uncontroversial. We note that a very similar counter-proposal was considered and rejected when formulating the revised proposals, and that generally, the revised proposals for most of the constituencies in Leicestershire, Leicester and Rutland did not generate strong opposition.
34. We do however consider that persuasive evidence has been received regarding the name of the proposed Harborough constituency. We agree that Oadby and Wigston are major population centres in the proposed constituency, and that is also the name of the local authority that administers the area. Therefore, we suggest that the most appropriate name for this constituency is Harborough, Oadby and Wigston.

Northamptonshire

35. Of the existing seven constituencies in Northamptonshire, two are within the permitted electorate range: Daventry and Wellingborough. Northampton North, Northampton South, and Kettering fall below the permitted electorate range, and Corby, and South Northamptonshire exceed the permitted electorate range. In the initial proposals, we proposed changes to all seven constituencies, and due to Northamptonshire's entitlement to 6.60 constituencies, we also proposed a cross-county constituency (Daventry and Lutterworth).
36. In our revised proposals we revised the composition of the Northampton South and Wellingborough constituencies after considering the evidence that we had received. Several representations had argued that the Bozeat, Finedon, Wollaston, Earls Barton, and parts of the Harrowden & Sywell ward had strong links to Wellingborough, and opposed their inclusion in any other constituency. We suggested a Wellingborough constituency that included the Bozeat and Wollaston wards as part of a configuration that also modified the Northampton South and South Northamptonshire constituencies - transferring the Harpole and Grange, and Grange Park wards to the former and the large rural wards of Brafield and Yardley, and Hackleton to the latter. We considered that including further wards in the Wellingborough constituency would require modifications to nearly all constituencies in the county. We did not recommend modifying our initial proposals constituency boundaries for any other constituency in Northamptonshire, but we did suggest that a more suitable name for the Corby constituency would be Corby and East Northamptonshire.
37. In response to the consultation on the revised proposals, the cross-county constituency of Daventry and Lutterworth continued to receive strong opposition with many respondents re-iterating the view that there is no sense of community or shared interests between many of the areas of the proposed constituency, and particularly those areas from Leicestershire that are suggested to be included. Residents of the Earls Barton, Finedon, and Harrowden & Sywell

wards continued to oppose their exclusion from the Wellingborough constituency. The Northampton North and Northampton South constituencies were generally supported although some respondents opposed the inclusion of the Harpole and Grange, and Grange Park wards in Northampton South, preferring these to be transferred to South Northamptonshire. Some submissions considered that the sizeable population centre of Rushden should be reflected in the name of the Wellingborough constituency, and have suggested that this be renamed Wellingborough and Rushden.

Recommendations

38. Having considered the evidence submitted with the lead commissioner, and in the absence of any substantive counter-proposals we recommend no changes to the boundaries of the revised proposals in Northamptonshire. We note the continued opposition to the exclusion of the Bozeat, Finedon, and parts of the Harrowden & Sywell wards from the Wellingborough constituency, but we consider that the revised proposals best reflect the evidence that has been received across the consultation stages. We agree that the major population centre of Rushden should be reflected in the name of the constituency that it is included in, and therefore recommend the name Wellingborough and Rushden. The names and composition of each constituency for the final recommendations is detailed in appendix A.
